

MOTOKI MONMA

Mặc dù rất thích để chân trần đi lại trong nhà nhưng khi mùa đông tới tôi lại phải đi dép xỏ ngón vào mới chịu được. Chất liệu nhựa đi đã khó chịu rồi mà lại chóng mòn nữa.

Thế rồi tôi phát hiện ra 1 loại dép lê!! Loại mà các tuyển thủ bóng đá thường dùng trong phòng thay đồ với chất liệu làm bằng cao su vừa nhẹ lại vừa bền!

Phù phù...

Tự nhiên bây giờ tôi lại muốn đá bóng mới chết chứ!!
